

A TRULY UNIVERSAL APPLICATION

G-AENIAL® UNIVERSAL INJECTABLE

G-aenial® Universal Injectable is a beautiful, high-strength^{1,2,3,4} universal composite, applied with the irresistible convenience of direct injection delivery. GC's ingenious composite technology heralds a new era in composite placement.

G-aenial® Universal Injectable is suitable for the entire range of cavity classifications and more.

Highly aesthetic restorations can be achieved using a single shade or multi-shade layering technique.

1. Initial presentation, worn dentition

2. After removal of existing restorations

3. Application of G-Premio BOND™ and light cure

4. Restoring with G-aenial® Universal Injectable

5. Immediately post operative

6. Final restorative outcome using G-aenial® Universal Injectable and following application of Optigalze Color
